Geo

Come seta tra le mani, Geo è una collezione tattile che riscopre le radici della ceramica e ne ripropone l'essenza primitiva in spazi votati al comfort e all'eleganza. La sua è una bellezza nuda e rilassata, evocativa di atmosfere informali, dove l'imperfezione si trasforma in dettaglio prezioso.

EN Like silk in your hands, Geo is a tactile collection that rediscovers the roots of ceramics and reintroduces its primal essence into spaces dedicated to comfort and elegance. Its beauty is bare and relaxed, evocative of informal atmospheres where imperfection becomes a precious detail.

FR Comme de la soie entre les mains, Geo est une collection tactile qui redécouvre les racines de la céramique et en propose à nouveau l'essence primitive dans des espaces dédiés au confort et à l'élégance. Sa beauté est nue et détendue, évocatrice d'ambiances informelles où l'imperfection se transforme en détail précieux.

DE Wie Seide in den Händen ist Geo eine haptische Kollektion, die die Wurzeln der Keramik wiederentdeckt und ihre ursprüngliche Essenz in Räume zurückbringt, die Komfort und Eleganz gewidmet sind. Ihre Schönheit ist unverstellt und entspannt, sie ruft informelle Atmosphären hervor, in denen Unvollkommenheit zum kostbaren Detail wird.

ES Como seda entre las manos, Geo es una colección táctil que redescubre las raíces de la cerámica y vuelve a proponer su esencia primitiva en espacios dedicados al confort y a la elegancia. Su belleza es desnuda y relajada, evocadora de atmósferas informales, donde la imperfección se transforma en un detalle precioso.
